## Archive of Previous Years' General Catalogs

### Archive

For easy access to individual sections and programs, the catalog is organized by bookmarks that are accessible within expandable/collapsible menus in the Navigation Pane within the pdf. Click on the Bookmarks icon to expand the Bookmarks menu. Program statements are located within the Programs and Courses section. Courses or faculty listings for departments are located within each department's program statement bookmark. To access courses and faculty listings, click on the plus sign (+) next to the program statement bookmark. If you have opened a pdf within your Internet browser, use bookmarks to navigate between sections, not the back button on your browser.

From 2004–2010, the UCSC General Catalog was printed biennially. Programs and courses were updated annually in off years, with an online-only version of the catalog produced in the nonprint years. The printed-year catalogs are provided here in pdf form as they appeared in print form; the off-year online-only catalog updates are also presented, compiled in pdf form as they appeared online. Beginning with the archived 2012–13 General Catalog, the catalog will be provided in html and pdf formats as they appeared in the university's Web Content Management System (WCMS) web presence.
