Click **Search**.

Select the appropriate term.

The default is to search for open classes. If you change this to search for all classes, you will need to fill in at least one additional criterion.

You can enter part or all of a word in the course title.

**Tip:**

Find **Lower Division** classes by searching for course numbers “Less Than or Equal to 99” or find **Upper Division** classes by searching for course numbers “Greater Than or Equal to 100.”

Find graduate courses by choosing Graduate from the Course Career dropdown menu.
Class Search Results Options

The search results page shows primary classes (lectures, seminars, graded labs etc.).

The search criteria and number of results are shown.

To change the order of the columns, click the heading for a column and drag and drop it to move it left or right.

To change which columns are displayed, click Settings. The window shown on the left will pop up. Remove the check marks next to any columns you do not want to have included in your search results and click Apply.

Use this dropdown to choose how many results to show on a page.

Click Add to Cart to add a class to your shopping cart without looking at the class details.

Use the navigation links to scroll between pages of results.

Click the class number or the class title to see details about the class, including associated sections; you can also add the class to your cart from the next page.

You can refine this search, or begin a new one, using these links.

Click Course Materials to view any materials for this class sold at the campus bookstore.

Click Print to print all the results from this search.
